## **Poor Pastors Support**

God has opened the door for us to do mission work in Haiti where 80% of the population lives below the level of absolute poverty. Less than half of the population has access to health care. Despite having a viable tourist industry, Haiti is one of the world's poorest countries and the poorest in the Americas region, with poverty, corruption, poor infrastructure, lack of health care and lack of education cited as the main sources.

### **Support the poor Pastors:**

Our goal is to:

- Support and encourage the work of our brothers and sisters in Christ in the country of Haiti and to support the ministries of their churches.
- We strive to demonstrate the love of Christ through works of service to these churches as well as to other Christian missions and missionaries in the country of Haiti as we have opportunity.

Current situation:

- Currently all the Pastors in Haiti Churches are living in very poor condition and they work throughout the day for their livelihood.
- If we can support these Pastors, they can minister full time and Gospel will be spread to more people sooner.

How to support:

- The expense to support a Pastor will be around **100 USD** per month.
- Since most of the Pastors don't have a proper home to live, we can help them to rent better place and that will be around **20 USD** per month.
